

Dry Peel Cards

Our Dry Peel Label Technology is used to produce single ply discount/incentive cards, and POP coupons utilizing water-based adhesive and compatible UV Silicone.

PROCESS OPTION ONE – FOR UNCOATED, DRY PEEL CARDS

Remoist Gluer – Use Product No. L909IDBT

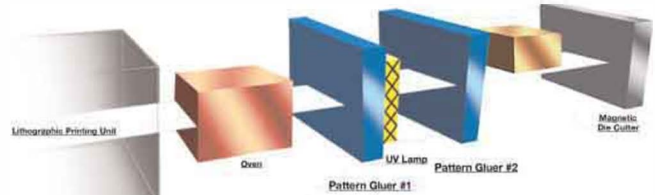

Pattern Gluer – Use Product No. 26-35-1

PROCESS OPTION TWO – FOR UNCOATED, DRY PEEL CARDS

Pattern Gluer #1 – Use Product No. L909IDBT

Pattern Gluer #2 – Use Product No. 26-35-1

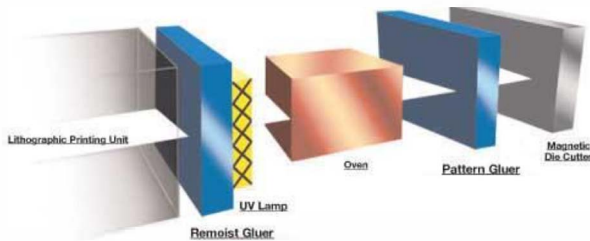

Integrated Label

Our GATF award-winning Integrated Label technology enables our customers the ability to produce inline converted pressure-sensitive labels on their web presses in one single pass.

PROCESS OPTION ONE – WATER BASED REPOSITIONABLE STICKERS

Remoist Gluer – Use Product No. UVPoly206

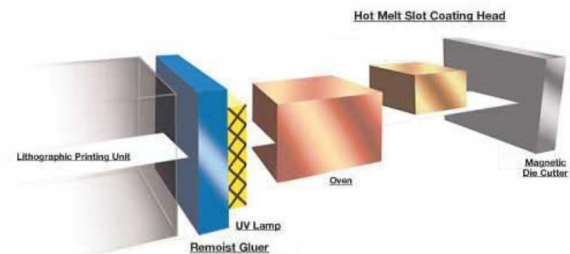

Pattern Gluer – Use Product No. 30-37-3U

PROCESS OPTION TWO – HOT MELT PERMANENT OR REPOSITIONABLE STICKERS

Pattern Gluer #1 – Use Product No. UVPoly206

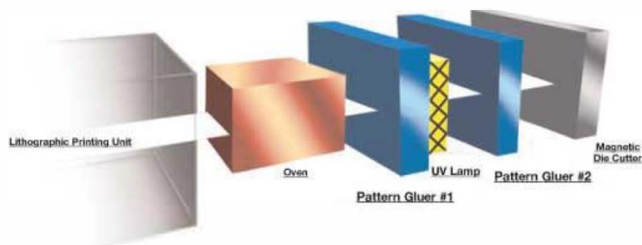

Pattern Gluer #2 – Use Product No. PS630 or PS37-625

PROCESS OPTION THREE – WATER BASED REPOSITIONABLE STICKERS

Pattern Gluer #1 – Use Product No. UVPoly206

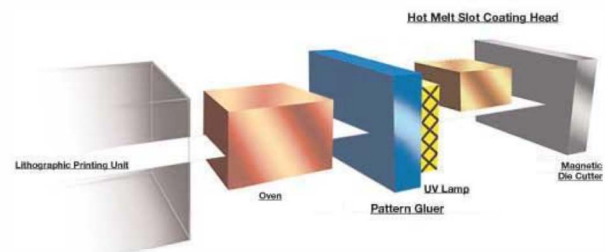

Pattern Gluer #2 – Use Product No. 30-37-3U

PROCESS OPTION FOUR – HOT MELT PERMANENT OR REPOSITIONABLE STICKERS

Pattern Gluer – Use Product No. UVPoly206 (To be used with Repositionable PS37-625) or UVPoly206 (To be used with Permanent PS630)

Hot Melt Slot Coating Head – Use Product No. PS630 or PS37-625

Sales Incentive Card System

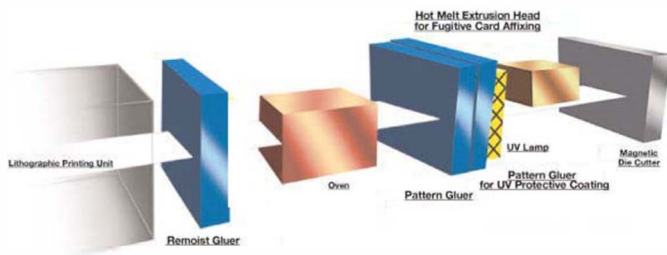

Our water-based laminating adhesives can be used for card construction, fugitive hot melt for card-affixing, and compatible UV coating for aesthetics and imaging protection.

PROCESS OPTION ONE – FOR UV-COATED, MULTI-PLY (WATER BASE ADHESIVE LAMINATED) CARDS

Pattern Gluer for Waterbase Laminating of Plys – Use Product No. 3414T/3412T/DM9000

Pattern Gluer for UV Protective Coating – Use Product No. UV1800

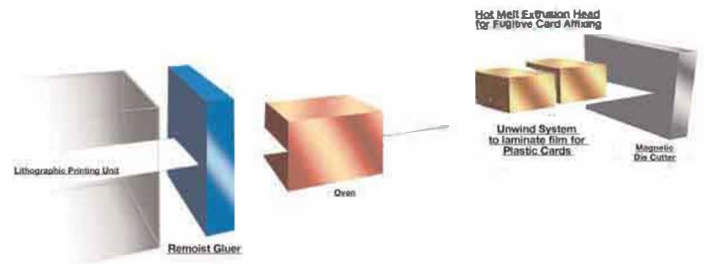

Hot Melt Extrusion Head for Fugitive Card Affixing – Use Product No. PS7355 or PS4214L

PROCESS OPTION TWO – FOR PLASTIC COATED, MULTI-PLY (HOT MELT ADHESIVE LAMINATED) CARDS

Unwind System to laminate pressure sensitive film for Plastic Cards

Hot Melt Extrusion Head for Fugitive Card Affixing – Use Product No. PS4214

UV Scratch-off System

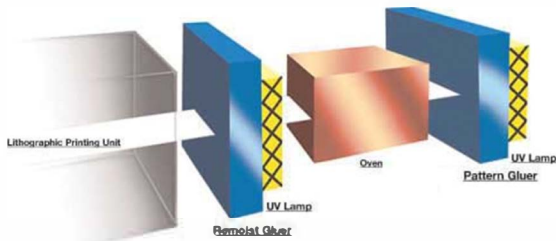

UV and Heat Set Scratch Off Coatings (Silver and Gold) with compatible UV primer.

PROCESS OPTION ONE

Remoist Gluer – Use Product No. L9091BDT

Pattern Gluer – Use Product No. L9094HSB (Silver) or ME1160

Part A/ME1160 Part B

PROCESS OPTION TWO

Pattern Gluer #1 – Use Product No. L9091BDT

Pattern Gluer #2 – Use Product No. L9094HSB (Silver) or ME1160

Part A/ME1160 Part B
